(*) Not available for frozen sales in 2022.					

The Suffolk Horse Society has semen stocks from 16 stallions that they can sell to Suffolk Horse mare owners. The Suffolk Horse Society is planning on collecting from more stallions over 2022, therefore please contact the office for up to date information.

Suffolk Horse Society Semen Release

1. The owner of the mare is a current member of the SHS or an equivalent foreign society recognised by the SHS (Australia, New Zealand, USA).
2. The mare is registered in the SHS Stud Book or equivalent foreign stud book recognised by the SHS.
3. The progeny to be registered in the SHS Stud Book of the equivalent stud book in the country of its birth that is recognised by the SHS.
4. The following categories of mares are eligible for consideration:
    a. Maiden mares less than eight years of age.
    b. Mares that have foaled without complications / injuries of the reproductive tract in the current breeding year. In case of foaling complications, a veterinary breeding certificate stating reproductive normality is required for each assessment.
    c. Barren mares that have not foaled in the current year upon presentation of a veterinary breeding certificate.
5. Presentation of utility/work/athletic and breeding history.
6. Semen to be delivered and used by vets/inseminators registered on the BEVA Approved AI List or overseas equivalent.

When buying semen, the mare owner must complete the SHS Owner Declaration form and give their vet the Veterinary Surgeon Declaration Insemination report. Both completed forms must be returned to the SHS office as soon as possible.

The SHS Semen Release Team will be:

- SHS Chairman
- SHS Chairman Studbook and Grants Committee
- SHS Chairman Scientific Committee

If you wish to purchase semen you will need to do the following:

- Check SPARKS for a green mating.
- Complete and return the AI Owners Declaration Form
- Get your Vet to complete the AI Veterinary Declaration Form and return it to the office.
- You must keep the Society updated on any remaining semen not used as this cannot be used in the future without confirmation from the Society.
