

The Orchard's Retreat Shepherd's Hut – "Shep"

Escape to the beautiful Suffolk countryside for the perfect couple's retreat in this elegantly converted shepherd's hut situated in the former stack yard of our working farm.

You will be greeted by a charming open plan living area complete with comfortable seating, an electric wood-burning stove, small, well equipped kitchen area and luxuriously spacious bed. You will also find a well-equipped shower room within the hut.

There is equally plenty of space outside, with your own totally secluded, private garden, fire pit, and table and chairs to enjoy the last of the summer's sunshine or a starry night, or simply to sit and watch the hares, sheep and wildlife from your own garden.
